

# **D4H: FAQ**

## **How do I access D4H?**

D4H may be accessed by going to <https://epcsar.d4h.org> or by visiting <https://d4h.org> and clicking the Sign In button in the top right.

## **What is my D4H login?**

Your D4H login is not the same as your ROCS login. D4H has its own username and password that you setup when you first accessed D4H. Contact the IT Committee if you need assistance resetting your username or password.

## **My event is not appearing on the calendar even though I added it?**

Events and exercises must be approved. After the event has occurred, it may not appear in reports or on the calendar until it has been approved. The IT committee and a few select members manage the approval process. Approvals typically happen once every 3-5 days.
